

NetZeroCities supports European cities to drastically cut down greenhouse gas emissions to achieve **climate neutrality by 2030**.

NetZeroCities comes in support of the EU's Mission **100 Climate-Neutral and Smart Cities by 2030**. NZC provides cities with world-class expertise and services tailored to their needs.

### NZC OBJECTIVES

Develop an approach to support climate-neutral transformation in cities

Help cities build capabilities and ways of working to advance systemic change using innovation

Forge a platform for cities to use for all services & expertise critical to climate neutrality

Facilitate a pipeline of cities accelerating towards climate neutrality
